

Course:

Book Study, The Student Motivation Handbook

Do you have students in your classroom who seem uninterested in school and learning? Do those same students appear to be capable of doing the work and even getting good grades? Through research and personal experiences in his classroom, the author, Larry Ferlazzo, shares an important menu of strategies to help teachers find ways to motivate students and help them want to learn. Educators, K-12, who read this book will have an immediate set of actionable strategies to create classroom conditions where students will be more successful - both academically and socially.
